

Hi-Traction® Anti-Slip for
WORK TRUCKS

SAFEGUARD
TECHNOLOGY
Leading Manufacturer of Anti-Slip Safety Products

Safer Truck Steps

Slips-and-Falls are the second-leading cause of injuries in the transportation industry. A majority of operator accidents occur at vehicle entry/exit points. Slippery steps cause serious accidents. SAFEGUARD® Hi-Traction® Covers stop slips-and-falls.

Our Covers enhance vehicle safety, reduce liability exposure, and lower operating costs. Two ways to step up your safety:

1. Specify a Hi-Traction Cover made to fit your surface
2. Send us your parts (or engineered drawings) for Direct Gritting

Fitted Hi-Traction® covers
Walkway covers for any flat surface

Direct Gritting on OEM step
Maintains pass-through and functionality

Hi-Traction® Anti-Slip for WORK TRUCKS

Prevent Falls from Vehicles

Prefabricated Covers

Custom fitted to your truck's steps, walkways, or other problem areas, the covers are manufactured using the base material best suited to the vehicle. Choose installation with fasteners or adhesive.

Direct Gritting

The SAFEGUARD® Hi-Traction® surface is applied directly to your OEM or aftermarket parts in the controlled environment of our plant in Ohio. Simply send us the parts or we can have them fabricated to your specification.

Grit Sizes and Color

Choose from six grades of grit and any standard or premium color including Glow-in-the-Dark. Consider two-tone configuration for added visual safety, or even have safety messages, symbols, or logos embedded in the anti-slip surface.

Embedded Safety Messages

Increase safety with reminders that won't flake or fade

Superior Anti-Slip Right Where You Need It
Plus two-tone safety colors and bright, sharp logos for branding

Made-to-Order Anti-Slip Covers
with no fabrication charges - just install and go!
