Protect Workers from Slips-and-Falls with
# SAFEGUARD® Hi-Traction® Anti-Slip Covers

Hi-Traction Anti-Slip
Step Covers

Hi-Traction Anti-Slip
Ladder Rung Covers

Hi-Traction Anti-Slip
Walkway Covers

You and your workers count on the safety of your facility – ensure that your stairs, ladders and walkways are up to the challenge. Surfaces such as concrete, grating, diamond plate, and wood can be very slippery and even more hazardous when greasy, oily, wet, or dirty.

Install SAFEGUARD® Hi-Traction® Anti-Slip Covers over existing surfaces to increase traction and improve safety.
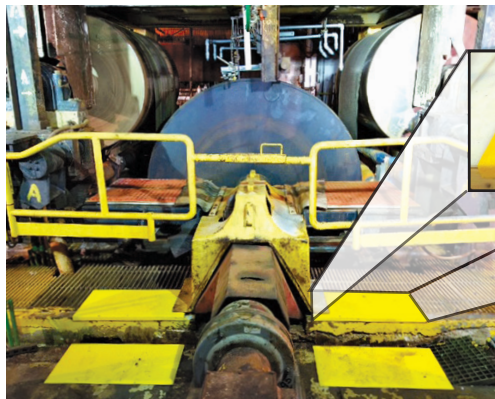

SAFEGUARD® Covers Protect Your Staff and Business

Full Range of Anti-Slip Products

Step Covers • Walkway Covers
Ladder Rung Covers
Landing Covers • Anti-Slip Tape
Pipe & Cable Covers
Roll-Traction • Direct Gritting
Valu-Traction • Mat-Traction

Engineered for Your Application

Special step covers made for the pickling line are extra-thick fiberglass with beveled edges on three sides.

Safeguard has options that will work even in problem areas. A variety of base material, grit sizes, and custom cutting combine to create a specific solution for the application.
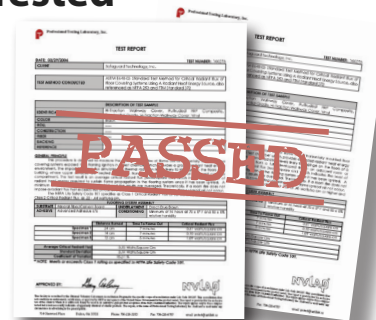

HiGlo-Traction®

HiGlo-Traction® Covers are an effective safety solution for both indoor and outdoor applications. Glow-in-the-Dark visibility allows for safe egress at night or during a power outage.

Easy to Install

Covers are made to size and ready to install, no cutting required. Unlike paints and tapes, these covers last for years.

Tested

The quality and effectiveness of Safeguard products has been verified by independent laboratory tests: coefficient of friction, smoke & flame, wear, impact, and more *(see specification sheets for details).*

- **SAFEGUARD** products exceed OSHA and ADA standards for slip-resistant properties and coefficient of friction
- **SAFEGUARD** covers are long-lasting, offering a more permanent solution than paints and tapes
- **SAFEGUARD** Technology is a dependable supplier with over 25 years of proven anti-slip performance in the most challenging environments on the planet
- **SAFEGUARD** products are proudly made in the USA since 1992
